Discussions:

The discussion began with the President's opening remarks. The President described the importance of the experts meeting. He said "the "Experts' Regional Meeting" was created to collect knowledge, skill, and expertise regarding Nepal's development". The president was informed that the tentative date for the meeting would be May 26-27, 2018, and the NRNA USA's AGM date is slated for the July 4th weekend. He further said, "we have to find a solution on how to contain both of those important events and we must send a positive message to the world by the combined success of both events." The President welcomed all attendees including a special welcome to the Americas Regional Coordinator, Mr. Gouri Joshi. The President then gave permission to the General Secretary to open the floor for discussion.

On the authority of Mr. President, the General Secretary open the floor for discussion and kindly requested the NRNA Americas Region's Regional Coordinator Mr. Gouri Joshi to explain the "Experts Regional Meeting,". He said, "The "Experts Regional Meeting" is an internal part of "Vision 2020 & Beyond" policy, that has unanimously passed on the NRNA's last world conference held in Nepal. The goal of the meeting is to determine how to utilize the experts' knowledge, skill & innovation toward Nepal's development and prosperity".

Further, he said, "the date May 26-27 is chosen in ICC Meeting, and it can't be compromised," He requested that the NRNA NCC USA hold the AGM on the dates of May 26-27 together with "Experts Regional Meeting."

Most of the participants, including ICC members from NRNA USA, agreed to host both events together. The NRNA NCC USA board members expressed their views on why the AGM date can't be changed on May 26-27, and they explained why the July 4th weekend was chosen for the AGM. They also explained May 26-27 is not a suitable date for the "Experts Meeting" as well. They said, "May 26-27 is right before the college exam. So, most of the college students and college professors can't participate, therefore, it is not a suitable time for "Experts Meeting". Similarly, the participants suggested forming a committee to resolve the issue.
