Note: The presented General Secretary's Annual Activity Report is attached herewith in Annex B.
IV. Amendments:

The Bylaws Committee Coordinator/General Secretary, Mr. Babu Ram Lama, presented the bylaws amendment recommendations and explained why the amendment was needed. The members were actively involved in the discussion and suggested certain additions to the amendment. After wide discussion, the recommended bylaws amendment was unanimously approved, with the addition of some of the suggestions made at the AGM.

Note: the amended portions of bylaws is attached herewith in Annex "C"

Furthermore, the bylaws committee members/BOD Mr. Sanjay Thapa moved the amendment motion "In-Person Voting System" instead of the current provision of the online voting system, and Regional Vice-President, Mr. Jedu Pokharel seconded it. Registering his "Motion," Mr. Thapa explained why the current voting system is inappropriate and why the "In-Person Voting" system is needed, and how it can be possible to adopt the "In-Person Voting" system. (The registered motion is attached herewith in Annex "C").

Opposing the motion, Mr. Pramod Sitaula, Member, stated that we couldn't go backward instead of going forward; we do not have enough resources to conduct the in-person voting, and it is not possible due to the geographic structure of USA.

Taking part in the discussion, some of the members mentioned that as per the law of the land, the voting booth should not be farther than 30 miles of the voters' residency, and questioned, "Can we arrange the voting booth within a 30-mile distance from voters?"

After the wide discussion, with permission of the President, the General Secretary asked for voting to the floor, and the majority of participants voted against the motion. The voting was conducted by raising hands. The motion has been concluded with the President's proclamation of his disapproval based on voting result.

NRNA Identity Card Project:

Committee Members:
Chair: Gopendra Bhatt (IN),
Co-Chair: Pashupati Pandey (WA),
Members: Indira Tripathi (CA), Rewotiraj Adhikari (NC), Bhanu Kharel (TX), Ram Hari Adhikari (NY), Ram Babu Pandey (CA), Dilli Phuyal (IL), Prakash Sapkota (CO),

History:
In many occasions, NRNA members have expressed their desire to carry a card for member identification purpose. National boards had tried, multiple times in the past, to develop and distribute identification cards. Although a limited success was attained, the momentum to develop NRNA Identity Card was gaining with time.

During the first NRNA NCC of USA meeting held in September 17, 2017, in Baltimore MD, the national board formed a NRNA Identity Card distribution and benefit committee (NRNA Identity Card committee) under the chairmanship of Mr. Gopendra Bhatt (Board Member, NRN NCC of USA). The purpose of the committee is to develop and distribute NRNA Identity Card to the members of the organization and explore benefits to the card holders.

After the general assembly in Baltimore, we had a number of conversations with ICC members on different subjects. In particular, we discussed the NRNA Identity Card project and made them aware of our commitment to the members in the USA. In the first ICC meeting after the election in Kathmandu, Dr. Keshab Paudel (President NRNA NCC of USA) had an opportunity to explain and encourage the newly elected ICC members to join hands in developing and distributing NRNA Identity Card. As a result, in the same ICC meeting, a committee, headed by Sapila Rajbhandary (VP ICC) was created and ICC decided to develop uniform NRNA Identity Card to all of the members in the world.

Activities:
Since then, the NRNA Identity Card Committee has worked with NRNA ICC, Chapter executives and local organizations in the development, delivery and distribution of the card for the NRNA members in the US. Multiple suggestions were provided to ICC on design and content of the card. The committee has also informed the national board, state chapters and general members on the importance of updating their profile and uploading the pictures in the system. So far 560 cards have been printed and delivered. The committee members have been visiting and delivering the cards to the chapter executives. The new batch of cards will be handed over to the Chapter presidents during the 7th AGM in San Francisco.
NRNA Identity Card is a Special Card:

Since the same card is distributed to all the members in every continent it enriches you with a feeling that you belong to the global community. The card also can be used as a discount card. We have signed MOUs with 35 business owners in the USA. All those business owners have agreed to provide products and services on discounted rates. For your knowledge, Nepal Mediciti and NRNA have signed an agreement to provide discounts to the NRNA card holders and their family members. Also, the TBi Group agreed to provide discounts on certain services they provide to the NRNA card holders.

For the benefit of our members, we are planning to sign MOUs with other businesses in Nepal as well as all over the globe. The best thing about the card is that it is free. There are few things that are free in the world and NRNA Identity Card happens to be one of those.

Future Activities:

At this point of time, NRNA has developed the second batch of NRNA Identity Cards. The design of the card has improved. It is printed on a more durable material and also the cards reflect the position of the ICC and NCC members. So far we have received a total of 560 card for members in the USA. We would like to request all NRNA members, who have not uploaded their picture so far, to update their profile and upload their picture. The development and delivery of the cards for the current term will continue for some time in the future.

**Summary**

Help Desk project is a mega project under NRNA NCC of USA. Nepalese people across America have a great interest and concern about the Help Desk Project. We already have State Committees in about 16 states and more are underway. The Help Desk now has been receiving calls in various states and their requests are addressed by directing them to right resources or helping them directly. As per the latest oral reports by various chapters, more than 50 people have been assisted via Help Desk and local chapters partnering with other Nepali organizations.

It has immense possibilities but unlimited challenges.

**Challenges:**

1. Financial challenges
2. Availability of Volunteers and resource persons
3. Too many restrictions from the authorities that hinders emergency responses and address problems.

**Recommendations**

1. Help develop a Central Emergency Fund to be utilized during time of emergencies and NRNA NCC of USA Board should authorize and help.
2. This project must be treated as a matter of NRNA USA reputation and all should help to ensure its success.
3. As per the unanimous recommendations by the central committee Communications has to be conducted using NRNA NCC USA leader head with clear indication of Help Desk

As a part of execution, Scholarship Committee was formed under the Chairmanship of Swaraj Khati, Youth Coordinator of NRNA NCC Of USA. Scholarship committee developed necessary guidelines for selection criterias and maintained overall logistics process of the program. The duration of project was for 5 month.
Core committee received and carefully pre-screened a total of 62 applications (Northeast 7, West 9, Mid-west 5, South 39) from 48 universities across the US. Selection Committee was formed consisting of professors and experts to review the pre-screened pool of applicants. Application were graded based on academic standing, leadership accomplishment, recommendations and essay. Winners were based on the final scores received from the Selection Committee. The winners were:

**Pujan Dahal** (South Region) - University of Louisiana at Monroe, Monroe, LA

**Shistata Poudel** (Northeast Region) - Fairleigh Dickinson State, Teaneck, NJ

**Ganesh Sapkota** (West Region) - Idaho State University, Pocatello, ID

**Ashim Bikram Adhikari** (Midwest Region) - Minnesota State University at Mankato, Mankato, MN

**Major Key Learning and Recommendations:**
1. Inclusive to 2 year community College student

Studying to the received applicants datas, we realized majority of Nepalese students going to four-year programs had spent at least some prior time at community college. Also, speaking to the local community organization, Nepalese professors, parents and students we learnt the trend of Nepalese students going to community college has been increasing. We are assuming finances playing a big role in student’s choice to attend community college since they are much more affordable than 4 years programs, and later achieved credits can be transferred towards four-year college degree. Therefore, 2 year community college students should be eligible to apply for this scholarship award.

2. Increase award quota in South Region

Total Applicants: 62
Regional Participation Count:

65% south, 11.7% northeast, 15% West, Mid-west 8.3%
65% of received applications were from South region which is a huge number in comparison to other regions. According to the Selection Committee, quality and competitive application were received in comparison to applicants from other region. Since tuition fees and living expenses are affordable, South US has become first choice for many Nepalese students. Our Committee thinks 2 more award positions should be added for this region next year.

3. Sustainability of the project:

For the sustainability of the project, NRNA NCC of USA should make necessary by-laws change and establish a Youth Scholarship Fund with specified seed money for the operation of the program. This can be done by allocating certain amount of money from the membership fee or specific amount can be contributed towards this program from the national board every year. Committee can raise additional fund through donations from individuals, families and organizations. Coordinate with state chapters to help raise funds through various youth focused programs and activities.

Science, Technology, Innovation and Knowledge transfer committee also known as STIKT is currently working on following long/short term goals and their implementation.

1. As a long term goal we are creating an expert data base, and putting it online. We are already working on the correct type of form that can capture all the important information and also working with RNNCC to web link this form/page to the NRNNCC main web page. This page/information can be utilized by Nepali government for expert advise or consultation, any individual seeking mentor on their field or any companies seeking consultation on a given area of expertise.

2. We are working on a Summer intern program in Nepal for high school and early college kids residing in USA. This will help to learn and maintain the Nepali culture as well as to expose the kids to a new environment, at the same time kids of a similar age group in Nepal can learn from their American peers. This will also help connect the new generation of Nepalese to their roots.

3. As an immediate goal, we are working on "Local Government Empowerment training workshop" This will teach the newly formed government in Nepal about how to carry out their daily function/works. The training content has already been developed by University of Maryland. We are working with them on how to train the trainer and deliver it in Nepal locally.

4. We are also working on the process/format for any expert traveling to Nepal to give a presentation on their field in NCC office, so that interested local NRN members can get educated about the current and latest technologies and innovations in USA.

5. We are working on finding experts in different fields locally, and bringing them to NRN (make them NRN member, educate them about NRN etc).

Thank you:
Arun

अब म त्यसै गरिने निर्वाचनमा लागि अनुमानित खर्च को विवरण पेस्त गर्न चाहियो।
प्रति निर्बीचन केन्द्र

कम्प्यूटर ५ भाड़ामा प्रति $ ७० को दरलेले = $५५०

सार्वजनिक पुस्तकालय भाड़ा अनुमानित = $ १००

सुरक्षा स्तर, सेवक ८ घंटे प्रति घंटा $२३ को दरलेले = $२३०

स्वयं सेवक खाना खाना २० जन्ना $ १५ को दरलेले = $३००

जम्मा $५३० यस लाई अनुदानी $१००० माहीं

यदी ३० वटा राज्यमा ५० निर्बीचन केन्द्र हुनेछ भने हो भने $५५०,००० हुनेछ

Software को लागि अनुदानी $ १०,०००

जम्मा $६०,०००,००० ले निर्बीचन सम्पन्न हुने देखिन्छ मसलन, प्रसारणक खर्च सबै जति धेरै नै जोडिए हो भने पनि $१००,०००,००० भन्दा बढी लाग्ने अवस्था देखिन्छ र हामी निर्बीचनको समयमा नाम दर्पण गर्दै नै हाराहरी $१००,००० त गत वर्ष नै जम्मा भयो देखिन्छ

अन्तर्गत यो आधिक, सुरक्षा र सबै हिसाबले सम्भव देखिन्छ। तत्त्वात्मक यो विधि अपनाइँ। NRNA USA विश्वसनीय जगाउँनेसको मान बढाउँ र परिवर्तन दिउँ सबैलाई यसले केही गर्दै भन्ने अनुमानित दिउँ भन्दै यो प्रस्ताव स्वीकृतिको लागि बिनाम अनुरोध गर्दछ ।
